

## The Minster Composite Door Collection

SINCE  1994  
**MINSTER**  
CONSERVATORIES · WINDOWS · DOORS

## Don't compromise, go composite, go Minster!

At Minster we don't believe in compromising on quality. We've brought together materials to give you the very best in strength, easy maintenance, security, and weather resistance. Oh - and great looks as well.

Behind that rather scientific-sounding name, you'll find the latest technology and design in doors. And when you're indoors you'll enjoy loads of style, strength and security. Our composite door is thick - but it's also very smart. In fact it's 44mm thick (compare that to conventional PVC panel doors at 28mm). And powerful too, its super-strong structural frame and up-to-the-minute hardware makes our composite door even more secure. Its glass reinforced plastic finish means you'll be secure in all weathers. And enjoying great looks for years to come.

How your door looks is up to you. Like traditional-style or contemporary? You can choose from twenty-two styles in ten colours. Keep looking - we've got three finishes of door furniture and a beautiful range of glass too.
